Designed for You.

Over the past several weeks, we have become increasingly aware of the effects of the Coronavirus (COVID-19) and the impact on our employer groups and members. These times can certainly cause undue stress and financial hardship when employees are dealing with workforce or employment issues.

As your trusted health plan administrator, we are providing some resources that may be able to assist with co-pays for provider visits and cost sharing for prescription drugs. There are also organizations that may be able to assist with group insurance premiums. Your wellbeing is always our most important priority.

Here is a list of organizations that are partnering with individuals or groups affected by this crisis. For financial assistance you will be asked to follow their process for screening and criteria determination
